

PIRIE VOICES

Shaping our future, together

What is Pirie Voices?

Pirie Voices is about the people of Port Pirie shaping our own future. No one knows the community better than those who live, work, and rely on it. Over the next year, we'll aim to hear from 1,000 local voices to understand what matters most.

Plans and actions will be guided by the community – we decide and take action together, focusing on what matters most to us, in making Pirie the best place it can be to live and work. Change happen with us – not to us.

Why?

The most effective change happens when the people most affected are part of driving it. Pirie Voices started through a shared interest from community members, organisations, and groups to support positive, long-term change in Port Pirie.

While these discussions started over the past few years, we know that there are so many more people in our community that want to be part of this conversation, to help inform what future action we take together.

Who is Involved?

Pirie Voices is supported by community members, local organisations, industry, education, and government. No single organisation leads this work – it's powered by strong, diverse partnerships, with outcomes owned and led by the community.

To get things started, a leadership group made up of our partner organisations is helping oversee Pirie Voices. But this is just the beginning – our community is the lead, and all outcomes will be owned and shaped by the people of Port Pirie.

What's Next?

Along the way, we'll:

- Check in regularly with the community
- Share what people are saying
- Take immediate action wherever possible

Hearing from 1,000 voices is just the beginning. The next steps will be decided by the community. Our collective voices will guide future priorities and long-term goals, ensuring change is meaningful, practical, and led by the people it affects most. Actions will continue to be shaped by the community, for the community.

We're Learning Together

Pirie Voices is new, and we don't have all the answers — yet. We're learning as we go, alongside the community, listening, experimenting, and adapting so that every step we take reflects what matters most to the people of Port Pirie.
